

# HCA State Advocacy Day Events!

## HCA State Advocacy Leaders Program

HCA's State Advocacy Day program for Home Care Leaders is on **February 1-2, 2016 in Albany**. This program includes a focused agenda of legislative visits and meetings between HCA member leaders and top state officials. During these meetings, we'll explain the current state of home care in New York. We'll also communicate HCA's priorities for the 2016 state budget and legislative session which begins with the Governor's State of the State and Budget Address on January 13.

## **HCA's PAC Hosts Senator Kemp Hannon Fundraising Reception on February 1**

Help us kick-off our Advocacy Day events by attending a **Fundraising Reception for Senator Kemp Hannon** the night before our main Advocacy Day program. HCA's PAC will be holding the reception for Senator Hannon at HCA's office located at 388 Broadway in downtown Albany, from **6 to 7:30 p.m. on Monday, February 1**. Refreshments and hors d'oeuvres will be served and Senator Hannon will present his vision for 2016. A minimum donation of \$100 to Senator Hannon's campaign fund is requested. Please see the next page for registration and details for donations.

## **Advocacy Day Main Event on February 2**

Our February 2 Advocacy Day program begins with a Board of Directors meeting, which starts first thing in the morning. After this regular board session, we'll have a 9:30 a.m. segment open to all HCA member home care leaders, which is the time you should plan to arrive at room 711A in the Legislative Office Building (remember: you'll have to pass through security first). For this time slot, we've invited legislators and key state officials to address the Board – an important way for you to interact with influential decision-makers and get briefed on HCA's home care priorities.

Following the 9:30 session and lunch in room 711A, the HCA Board, HCA Policy team and other HCA members will participate in legislative visits throughout the afternoon at the state Capitol and Legislative Office Building.

## **Planning Ahead**

If you are interested in participating on February 2, we invite you to schedule your own appointments now to meet with your legislative representatives in their Albany offices during the afternoon; or, you can join HCA's Policy staff and the Board on visits that we are scheduling on behalf of the Board. As you complete this registration form, please indicate whether you will be making your own appointments or if you'd like to join HCA on pre-scheduled appointments so we can communicate the logistical details for you.

To guide you, HCA is preparing several Advocacy Day resources, including a succinct guide to our legislative priorities and our 2016 financial condition report, which uses data submitted by you and your colleagues through a survey recently issued to the membership. If you have not completed this survey, please do so as soon as possible.

Please join us for this important program to bring the home care message to state officials and elected leaders.
