

Legislators: Jim Needs Your Voice

To Save New York's **Home Care System** from the **Disproportionate \$1 Billion Assault** by Governor Cuomo's Medicaid Redesign Plan

Jim was diagnosed with cancer and facing amputation of his leg. He had given up hope until he began receiving physical therapy services at his home through the Finger Lakes Visiting Nurse Service.

Jim's dream was to be able to walk in time to celebrate his upcoming 50th wedding anniversary with his wife. Speaking of his Physical Therapy Assistant, Cindy, Jim said, "I learned how to walk again. She helped me attain my dream."

Jim's home care allows him to live at home, improves his quality of life, and **saves Medicaid dollars** by keeping him out of the hospital or nursing home.

Speak up for Jim by standing up for home care. Reject the Governor's \$1 Billion Assault on home care and raise your opposition to the home care MRT proposals within your legislative conference.
