

CASPER *is* a Friendly Ghost!

*Understanding how to
run and interpret CASPER reports*

Wednesday, March 6, 2019 • 1:00-2:00PM
Online Webinar

So much of our data in home health is derived from the CASPER reports. They are the foundation for Home Health Compare and a number of elements included in Value Based Purchasing. This session will help your agency to understand how to run and interpret the reports that you need to advance your quality initiatives.

Objectives:

- Identify 2 – 3 of the different reports available in the CASPER system
- Verbalize how to interpret the Outcome Reports (Risk Adjusted and Potentially Avoidable Events)
- Describe how the reports can be used to enhance quality initiatives

This webinar is presented by:

Speaker:

Cheryl Pacella, DNP, HHCNS-BC, CPHQ, COS-C, HCS-D, CAP Consulting
