Cary, NC – Accreditation Commission for Health Care (ACHC) announces the renewal of its partnership with Home Care Association of New York State, a premiere nonprofit association in New York that promotes home care as an integral part of the health care system. Founded in 1978, HCA of NY promotes industry advancements through advocacy, education, and regulatory support for providers.

“HCA of New York State and ACHC are committed to improving access to the highest-quality care and ensuring providers are supported in all facets,” said Susan Mills, ACHC Senior Program Director. “Our partnership allows HCA members to continue to demonstrate their dedication to enhancing quality of care and patient safety by achieving and maintaining accreditation.
